

ERP Program Delivery Manager (f/m), 100%

To drive and support Acrotec Group's HQ in the delivery of a Microsoft Dynamics 365 Finance implementation, we are looking for an ERP Program Delivery Manager.

About the position

Full-time employment preferred. Freelance application accepted.

Acrotec's HQ is in Develier, Jura, Switzerland.

Partial remote working possible.

This role would report to Acrotec Group Head of IT.

This person will be a member of the steering committee of the ERP project.

Key responsibilities

- Establish and oversee the program governance and reporting.
- Drive the identification and mitigation of the risks
- Measure and report the success criteria for the program.
- Lead the communication between the various participants: vendors, integrators, accounting / HR, reporting department teams, and Acrotec BUs.
- Facilitate and coordinate the definition of the overall program plan with the various intern and extern participants.
- Manage the execution of the program plan across all workstreams and teams.
- Guide business owners with requests, case analysis, specifications, and tests.
- Analyse, specify, or challenge the requests, estimates and solutions.
- Ensure the proper definition of go live checklists.
- Organise the execution of user acceptance testing.
- Coach and train end users during deliveries and updates.
- Partner with stakeholders to build a global vision of services and changes.
- Structure the ERP knowledge for long-term use by Acrotec HQ and its BUs.

What we are looking for

Must-have

- Previous experience of managing ERP program and D365 Finance implementation.
- Experience working with system integrators and external partners on major projects.
- Excellent oral and written communication skills in French and English.
(other languages would be a plus).
- Ability to stay up to date with technology evolution.

Nice-to-have

- Higher education in Computer Science / Information Systems / Data Science.
- Certifications : Project management, Information management, D365, etc.
- Knowledge of accounting or finance process.
- Knowledge of consolidation or reporting process.
- Knowledge of manufacturing process.

What we offer

- Join a federation of know-how and talents brought together by common values.
- Take up the challenges of a group of entities following a federated model.
- Develop your skills in a Swiss group with a strong growth trajectory.
- Attractive working conditions and compensations.

About Acrotec

Acrotec is an independent group created by micromechanics professionals. Its main objective is to be a reference subcontractor, offering a wide range of manufacturing processes for precision components. Its strategy is to provide "Swiss-made" quality products to the entire watch and jewelry industry, the medical industry, as well as to the automotive, electronics and aeronautical sectors.

The group employs over 2,400 people.
